Kick the Tires on eCourseware

Faculty can login into eCourseware using their UUID and password and begin "kicking the tires" in their live course instance which was created automatically based upon course information from Banner. The courses are in the course list and can be viewed by clicking on the expand icon (+ plus sign) that corresponds to the department and semester or by Searching for the class in the Search feature. Students will be enrolled in theses courses.

If you prefer, you may request a development shell in which to freely explore and learn eCourseware.
